Acknowledgements

Mental Health Foundation ACT acknowledges Aboriginal and Torres Strait Islander peoples as Australia's First Peoples and sovereign Custodians of this land. We acknowledge this land was never ceded and we pay our respects to Elders past, present and emerging.

We are committed to providing inclusive and appropriate support for First Nations people, their kin and community impacted by mental health concerns.

MHF ACT also acknowledges people with lived and living experience of mental ill-health and recovery. We acknowledge and value the experience of people who have been carers, families, or supporters of people facing mental health challenges.

We are committed to our vision that all people live with hope, choice, control and good mental health.
